The South Dakota Science and Technology Authority (SDSTA) is seeking quotes for Mobile Crane General Services for Sanford Underground Research Facility (SURF).

Documents included in this Request for Quote include:

- A. Request for Quotes (RFQ)
- B. Draft contract (2017-27)
- C. Quote Sheet

1.0 Background

The South Dakota Science and Technology Authority (SDSTA) is a quasi-governmental agency established by the State of South Dakota to operate and manage the Sanford Underground Research Facility (SURF) in Lead, South Dakota. This facility has been developed to support a variety of scientific experiments, including physics, biology, geology, and others. SURF advances our understanding of the universe by providing laboratory space deep underground, where sensitive physics experiments can be shielded from cosmic radiation. Researchers at Sanford Lab explore some of the most challenging questions facing 21st century physics, such as the origin of matter, the nature of dark matter and the properties of neutrinos.

2.0 Scope

The South Dakota Science and Technology Authority (SDSTA) is seeking quotes for labor, equipment and all utility and transportation to provide mobile crane services on an on-call basis.
