ESH Considerations

Project Description and Scope

- Scope of Work
- Vendor will provide all labor, travel, and supplies to prep surfaces, fill cracks, apply sealant and apply proper signage for parking and handicap spots of the main entrance and roadway/parking lot at the Sanford Underground Research Facility in Lead South Dakota.
- Work Area: All asphalt surfaces from 50 FT outside of the Yates Security Gate and down to the fencing that marks the PPE demarcation line just ahead of the IT generator.
-

Key RFQ Guidelines

Questions not asked today must be emailed to mbaumann@sanfordlab.org by the posted deadline. Questions and written responses will be published on the project webpage: <https://www.sanfordlab.org/contract/rfq-request-quotes-road-parking-lot-repairs>

No other communication with SDSTA staff regarding this RFQ is allowed prior to the selection process.

Today's presentation will be posted on the project webpage noted above, along with any addenda, updates, notices, changes, etc.

Please note any issues with or exceptions to the draft contract (or any other RFQ language) in your proposal.

Submit proposals by email to mbaumann@sanfordlab.org.

Proposals will be evaluated according to the criteria outlined in Section 4. SDSTA may select one contractor, or invite a short list of candidates to respond to prepared questions during a scheduled on-site presentation.
