

Request for Qualifications

Industrial and Potable Waterlines Yates Complex project:

The South Dakota Science and Technology Authority expects to issue a Request for Proposals (RFP) for a Yates Complex Industrial and Potable Waterline project between April 9– April 30, 2021. In order to be qualified to bid on this project once the RFB is posted, **companies must pre-qualify** by submitting a Contractor Pre-Qualification & ESH Questionnaire. The general scope of the project is below. **Only companies that participate in the pre-qualification process will be eligible to bid on this project.**

Scope of Work:

The project consists of installing new water mains, building connection service lines, fire hydrants and meter pit within the Yates Complex at the Sanford Underground Research Facility. Preliminary scope of work: ~3300' of 12" PVC, ~150' of 6" PVC, 350' of 4" PVC and 400' of 2" HDPE piping, all with related appurtenances. One buried concrete meter pit with piping and appurtenances. Nine fire hydrants with aux valve and bollards. All with associated site work and parking lot, sidewalk, and curb and gutter repair.

Contractor Pre-Qualification ESH Questionnaire due on **March 31, 2021**

Project Value: \$1M-\$3M range.

Projected RFP Release Date: **April 9 – April 30, 2021**
